

Evaluating High-Stakes Litigation
For Over 20 Years

WWW.FIRSTCOURT.COM

First Court has been organizing and conducting private jury trials in venues all across the United States for over 21 years.

We give lawyers a fair opportunity to present the highlights of their case, and we give jurors a safe opportunity to tell us what they honestly think.

Specifically, we provide each juror and client with a touchscreen computer, then link them together in a special courtroom network. Our exclusive software generates street smart feedback on the critical issues in your case, quickly and easily.

Using First Court spotlights the strengths and weakness in your case so that it can be resolved out of court — or tried more fairly if a settlement cannot be reached.

SERVICES

- Moderator with 20 years of experience in legal and insurance industry
- Six jurors from your venue
- Half day, four hour trial
- Technician on site to ensure stability of hardware
- Moderation done by video conference to keep costs to a minimum

RESULTS

- Clients provided with real-time data from jurors
- Resolve cases efficiently
- Unbiased answers to key questions
- Six individual verdicts

Evaluation Roundtable

The Roundtable is the simplest way to find out — fairly and objectively — how real people respond to the claims in a high-stakes lawsuit.

The Roundtable is easy. An informed paralegal can prepare the facts, documents, testimony, and feedback questions using a pattern Juror Packet we have created from past Roundtables.

First Court conducts the Roundtable by videoconference, using six live jurors in the trial venue. You discover, in several real-time feedback sessions, how real jurors respond to the key arguments in your case. You get six individual verdicts, written answers to your key questions from each juror, a sixty minute deliberation, one group verdict, all the juror notes, extensive background information on the juror demographics, and a recording of the entire four-hour proceeding.
